DETAILED ACTION

1. Claims 1-5 of U. S. Application 09/840,444 filed 04/24/2001 are presented for examination.

Response to Amendment

2. The reply filed on 4/13/2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's response again appears to indicate that they are working from a different specification than the one present before the office. In response to a request for information, Applicants provided a publication dated 2003, which is two years after Applicant's filing date. Applicants also stated that the publication was incorporated by reference in the specification. However, it is impossible to incorporate by reference a publication that has a date subsequent to Applicant's filing date. The actual incorporated reference is listed on lines 11-16 of page 4 of the specification.

3. Furthermore, Applicants refer to page 5, lines 9-14. There is no line 9 in the version that has the incorporated reference, entitled, "Advanced Computing Technology for Integrated Design of Textiles and Apparel; Ergonomics of Protective Clothing; Conference Proceedings, 2000. The version that does have lines 9-14 on page 5 has no incorporation by reference.

4. Thus, there appears to be confusion about the correct specification (this is the second occurrence). Clarification is requested.

5. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing
